

A LUXURY SCOOTER LIKE SUV “CULLINAN”

X9-New Launch, Spring Festival Debut

Domineering exposed, Glittering in Strong Realm, Boogie Style, Dominated the world.

»» X9

X7

Exposed brake cable

X9

Hidden brake cable

High, Big, Wide

Gorgeous, Domineering exposed ,rock the industry.

X7

Urban Mobility Scooter

- 1.Power Lithium battery 25KM/H
- 2.Power Motor 350W
- 3.Detachable and replaceable battery pack
- 4.Exposed brake cable
- 5.Single brake grip design
- 6.Triple brake system

X9

SUV Off-Road Scooter

- 1.Support 100km range driving lithium battery
- 2.Powerful motor 500W
- 3.Detachable and replaceable battery pack
- 4.Hidden brake cable
- 5.Double brake grip design
- 6.Quad brake system

Minimalist design, wireless bounded, extend individuality

The combination of the real aesthetics and technology,
Newest European standard design.

The minimalist and innovative geometric design is unique, without any exposed wires, and is meticulously crafted and impeccable. Tough aluminum-magnesium alloy welding, one-piece molding, lightweight frame, stable and durable, lightweight and portable.

✓ Simplify design
Concise body without any exposed wires.

✓ Originality with unique concept
Design of hidden battery in automobile chassis.

✓ Fast folding
Distinctive design, automatic folding lock.

Longer range, Power lithium battery.

Battery capacity Max 20.8AH , Max range 100KM

Removable and swappable battery group, "individual battery pack" can support 120KM, longer range distance, not only shuttle back and forth in each street corner, but also gallop on main road in city.

Gently turn the two quick-release screws, then remove the battery.

Lift up the battery strap vertically and take it out.

Stronger power, 6 intelligence protection.

Energy recovery system, prolong riding range

Like Tesla in the scooter world, Power-type lithium battery, high-rate high-power power supply, safe and durable performance.

The kinetic energy is converted into electric energy, which has a long battery life

6 intelligence protection

Short circuit protection

Over current protection

Double over charge protection

Double over discharge protection

Temperature anomaly protection

under-voltage automatic sleep

High ground clearance and good trafficability.

Brushless motor, Power Motor 500W

Instantly Feeling the powerful power motor when you press the accelerator.
SUV power in Electric scooter field, an electric scooter who is
capable to be faster in road.

Steep road

Hilly road

Uneven road

Sandy road

Ground clearance:12cm

Climbing angle:25°

Wide Pedal, Ride Easier.

Keep feet together when riding

Compatible with human body upright riding with feet together,
much more comfortable.

Pedal Width: 18.3cm

Ride over speed bump

Ride over pavement

Large tire, SUV in the city.

Ride on smooth and rugged road

10 inch memory jelly vacuum tire, WIDER tire, GREAT shock resistance, NEVER punctured, NO air leakage, CREATIVE wheel texture design, Better shock resistance and adaptability to complicate road circumstance. More durable and safer tires

X9

X7

Stable brake, Quadruple brake system.

Fully showing heroism without showing up

Front & Rear disc brake, E-ABS anti-lock electric brake, Rear foot brake,
Double hand-grip brake system Effectively shorten braking distance,
Efficient braking, quick response, Ensure safe riding.

Front disc brake

Rear disc brake

E-ABS anti-lock electric brake

Rear foot brake

Brake Disc
14cm in diameter

Multiple patterns, Digital display.

HD LED Dashboard, Power, Speed at a glance.

Equipped with HD large screen, Display remaining power and speed timely, Better acknowledge of scooter status.

Three riding modes, Switch as you like.

Pedestrian mode (No "D")

Standard mode (white "D")

Sport mode (red "D").

Tap function button twice only, switch successfully.

Easily deal with complicate riding circumstances.

Auto lock, 3 seconds fast folding.

Upgraded version of folding automatic lock design

The car-level folding structure safety lock, safe and stable, not easy to shake. You can complete the folding of the pole with just one click, one buckle and one press, which solves the problem of handling and storage of the vehicle after driving.

Put inside trunk

Put in the elevator

Folding automatic lock

Humanized design details

3W Highlight headlight

The upgraded high-brightness headlight, shine brighter and farther when riding at night. meanwhile, it is friendly to oncoming cars and pedestrians without dazzling.

Creative bells

Buzzer & bell to remind pedestrians or vehicles ahead to drive safely.

Pedestrian indicator

Lights up when the speed is lower than 6km/h.
Turn off when speeds higher than 6km/h.

Non-slip grip texture

It adopts arc-shaped design with smooth and beautiful texture, comfortable and non-slip.

Anti-slip pedal silicone

The scooter's pedal adopts non-slip surface design, increase friction and ensure safety.

Creative foot support

The foot support is grounded and not easy to fall.
The anti-skid design is used to protect the car.
